What are the best universities for psychology

Scroll down for the full list of best universities for psychology degrees Psychology is the study of the mind and human behaviour. Psychology students will learn about emotions, what motivates us and how we interact with each other. Many psychology graduates go on to become professional psychologists, however a degree in psychology can also lead to careers in childcare, social work or in the legal profession. Scroll down for a full guide to what you can do with a psychology degree. This year Times Higher Education has released a ranking of the 568 best universities for psychology degrees. The ranking features 47 countries. The UK's University of Cambridge makes its debut in the psychology ranking in 2022 and claims the top spot, after meeting the eligibility criteria for the first time. Stanford University previously led the table from its inception in 2018. More than a quarter of the universities in the overall ranking (157 universities) are in the US. The next most represented country is the UK, with 78 universities present. Australia, Germany and Canada are also well represented, with 35, 31 and 27 universities respectively. The ranking uses the same methodology as the Times Higher Education World University Rankings, but with a higher weighting for citations and a lower weighting for teaching. The full methodology can be found here. Best universities for psychology degrees in CanadaBest universities for psychology degrees in AustraliaBest universities for psychology degrees in the UKBest universities for psychology degrees in the US The top 5 universities for psychology degrees 5. University of California, Berkeley -The University of California, Berkeley's psychology department undertakes research in areas including development, cognition, social-personality and cognitive neuroscience. -The department offers undergraduate and postgraduate programmes across a number of areas, while providing the opportunity to focus on the areas students find most interesting. 4. Harvard University -Psychology is one of the most popular courses of study at undergraduate level at Harvard University. -Undergraduate students can choose one of three study tracks: the general track which offers the greatest flexibility; the cognitive neuroscience and evolutionary psychology track and the cognitive science track. The graduate programme covers four major research themes: cognition, brain, and behaviour; developmental psychology; social psychology; and clinical science. 3. Princeton University -The psychology department at Princeton University has produced six Distinguished Contributions awards from the American Psychological Association, one Nobel prizewinner and three William James Fellow Awards from the Association for Psychological Science. -Graduate study is focused on systems neuroscience, cognitive neuroscience, perception and cognition, personality and social psychology, and physiological psychology. The department is closely affiliated with the Princeton Neuroscience Institute, which conducts research on neuroscience and psychological function. Best universities for arts and humanitiesBest universities for business and economicsBest universities for clinical, pre-clinical and healthBest universities for computer scienceBest universities for life sciencesBest universities for physical sciencesBest universities for social sciencesBest universities for law degreesBest universities for education degreesBest universities for engineering degrees 2. Stanford University -The department of psychology at Stanford University was one of the first to be established at the institution. -Research is carried out in areas including addictive behaviours, psychopathology and risk, and stereotyping. Undergraduate and graduate programmes are available, with the latter emphasising research training. The department is split into five research groups known as department areas, namely science, neuroscience, cognitive psychology, developmental psychology and social psychology. The department has close ties with many other departments at Stanford, such as biology, law, medicine and business. There are also aims to increase participation in various interdisciplinary programmes on campus. What can you do with a psychology degree? 1. University of Cambridge -The psychological and behavioural sciences tripos at the University of Cambridge covers teaching in cognitive, social, developmental and biological psychology within the broader context of the behavioural sciences. -Undergraduates are able to conduct laboratory work from their second year onwards to supplement their coursework and seminar learning. As students progress through the course there are opportunities to specialise further. Potential study areas include statistics, neuroanatomy, neurotransmitters, neuroimaging, developmental psychology, psychopathology, cognitive psychology, language, gender, family relationships and influences, personality and group social behaviour.
